About

Creative and results-driven Frontend Engineer specialized in React, with proven expertise in developing MVPs and prototyping innovative solutions within agile Labs environments. Adept at transforming business needs into scalable, high-performance web interfaces and user experiences. Skilled in TypeScript, modern JavaScript frameworks, UI/UX best practices, and rapid product iteration. Passionate about clean code architecture, cross-functional collaboration, and continuous learning to deliver digital products that make a real impact.

Competencies: JavaScript • Typescript • HTML • CSS • React Native • React, Next.js, Node.js • Redux, Zustand, React Query • Tailwind CSS, Material UI, Mantine, Bootstrap, Chakra UI • Software Development • Continuous Improvements

Experience

Pitang `Remote` `Full-Time`   *Sep 2022 - Present*
Software Engineer
